My Creative Journey

www.cuanticdesigns/prajeevan.com

## About Me

I'm a B.Tech student who loves mixing creativity with code. Whether it's building websites, editing videos, and crafting eye-catching designs, I enjoy turning ideas into real things on screen. I'm constantly learning and experimenting – from front-end magic to digital branding – one pixel and one line of code at a time!

## University

B.Tech in Mechatronics  
SASTRA University, Tamil Nadu  
Currently Pursuing

## Higher Secondary

Ebenezer Marcus  
Pudur, Chennai  
Year: 2022-2024

## Senior Secondary

Vivekananda Vidyalaya  
Ambattur, Chennai  
Year: 2011-2022

## Graphic Design

Created 1000+ designs including logos, posters, social media creatives, banners, thumbnails, and digital ads for various projects and mock brands using tools like Adobe Illustrator and Photoshop.

## Video Editing

Edited More than 50+ videos including reels, promos, and cinematic edits with smooth transitions and sound syncing using tools like Adobe After Effects and Premiere Pro.

## Web Development

Designed and built 10+ responsive websites using HTML, CSS, JavaScript, and platforms like WordPress and Wix Studio – including personal portfolios, landing pages, galleries, and mock brand sites with animations and interactive filters.

## Digital Marketing

Managed complete social media presence for 5+ clients, handling Instagram growth, content strategy, ad creatives, and branding consistency with measurable results.
